Licensed attorneys are eligible for continuing legal education (CLE) credits.

Can politicians in America today behave in an ethical way? How do we prevent big business from influencing our elected representatives? How can we preserve the integrity of the electoral process? Is the political system rigged in favor of only the wealthiest participants? How has the American public become so divided politically and how have both foreign powers and our own politicians exacerbated this split? Join in the discussion as three legislators speak about ethics and American politics in 2020.
