

SHIDLER
GLOBAL LEADERS

The Shidler Global Leaders (SGL, and formerly the Fish Scholars) are considered the best and brightest students at the Shidler College of Business. The Shidler Global Leaders program seeks to reward and support those students who have the propensity to achieve excellence in their business education. Students who have a proven record of academic and other achievements, who possess the necessary skills, drive, determination, and character to aim for excellence in their undergraduate education are most likely to strive for excellence in their personal and professional lives. These students are strong candidates to become the leaders of tomorrow in business and the community.
