G. RESEARCH SCALES

***gItA* Leadership Questionnaire (gLQ).** This 11-item scale is the first indigenous leadership scale that is derived directly from the verses of Bhagavad-Gita. Data collected in 2016 shows that it is a reliable scale.

Individualism and Collectivism Attitude Scale. This 32-item scale was my attempt to synthesize existing INDCOL scales developed by Triandis and colleagues in the 1980s, which was published in *Cross-Cultural Research* (Singelis, Triandis, Bhawuk, & Gelfand, 1995)

Intercultural Sensitivity Inventory. This 46-item scale was a part of my master's thesis, and was published in the *International Journal of Intercultural Relations* (Bhawuk & Brislin, 1992).
