

**Exceptions for Points Missed:** Student point exception requests MUST include timely submission of third-party documentation (e.g. doctor's note or other evidence of hardship). Point exception determinations will be made on a case by case basis by the instructor. In fairness to other students, due dates for electronic assignments will not be extended even for excused absences.

**Recorded Lectures & Pre-Class Online Intro Quizzes:** Students are expected to prepare for class by viewing and listening to recorded PowerPoint introductory lectures before each new chapter begins to be covered in class. This important information will generally not be covered during class sessions. Familiarity with the introductory concepts covered in each recorded lecture will be assessed in associated on-line quizzes. Students have an opportunity to earn up to 30 points by demonstrating mastery in these on-line quizzes. The schedule and grading mechanics for the on-line intro quizzes is posted on Laulima.

**Readings & Lectures Notes:** Students are expected to prepare for class by reading, at a minimum, the Chapter Lecture Notes and Class Practice Worksheets prior to attending class. It is highly recommended that students also read the relevant textbook chapter material either before or after that chapter is covered in class. The Lecture Notes & Class Practice Worksheets for each chapter will be posted to the class Laulima site no later than the Sunday evening before that chapter is to be covered. **Students are required to bring both the lecture notes and the class practice worksheets with them to class for the chapter being covered during that class session. Hard copy is strongly recommended.**

**Participation and Professionalism:** At the discretion of the instructor, deductions of up to 25 points may be made for behavior deemed to be unprofessional, disruptive, or unfitting for a learning-centered class setting. Examples of unsuitable behavior include chronic tardiness, socializing during class, having cell phones or other devices emit sounds during class, sleeping during class, utilizing electronic devices for anything other than accessing class materials, being unprepared or unwilling to fully engage with the course materials in a manner that facilitates learning during class. Please visit the restroom and turn off cell phones and other noise-making electronic devices prior to the start of each class session. Students are expected to behave in a manner respectful to the instructor and other students. If a student's behavior or speaking is disruptive, the student will be asked to leave the room.

**Grading:** The total number of points earned during the semester will determine each student's course grade. Sources of points and a distribution of the points necessary to earn a particular letter grade are as follows:

Exam #1 (Chapters 1 - 5)	100 pts	500 – 490 pts	A+
Exam #2 (Chapters 6 - 10)	100 pts	489 – 465 pts	A
Final Exam (Comprehensive)	150 pts	464 – 450 pts	A-
CONNECT Homework	75 pts	449 – 440 pts	B+
Laulima Online Intro Quizzes	30 pts	439 – 415 pts	B
Attendance	30 pts	414 – 400 pts	B-
<u>Financial Statement Project</u>	<u>15 pts</u>	399 – 390 pts	C+
TOTAL	500 pts	389 – 365 pts	C
		364 – 350 pts	C-
		349 – 340 pts	D+
		339 – 315 pts	D
		314 – 300 pts	D-
		299 pts and below	F

The instructor reserves the right to change this grading curve according to class performance. However, if a change does occur, required points for designated letter grades will never exceed the distribution outlined above.

**Financial Statement Analysis Project:** Each student will have the opportunity to earn 15 points for successfully completing this project. Students will form into groups and each group will have 2 companies to analyze. This project will give students an opportunity to engage with the material covered in class as reported by real companies. Full details of the project will be made available as the semester progresses.

**CONNECT Homework:** Homework assignments provide an opportunity for students to practice applying the concepts learned in the course. Homework provides the greatest value when done after reviewing course materials and without searching through the text for sample solutions to mimic. Challenging oneself to think through a problem or exercise helps build and strengthen the neural networks needed to successfully complete similar type problems in the future.

Homework assignments for each chapter will be available for students to complete and submit via CONNECT. Students have an opportunity to earn up to 75 points by demonstrating mastery in these homework assignments. The policies and grading mechanics for the CONNECT homework assignments are posted on Lulima.

**Examinations:** All exams are “closed book”, “closed notes”, “closed neighbor”, and “closed electronics”. Phones may NOT be used as calculators during exams. The final exam is cumulative. Exams may include multiple choice, short answer, and work-out problems. Exams may include material covered in the textbook, online materials, online lectures, classroom lectures, and classroom activities. Students are responsible for all of these sources of information. Do not wear hats or caps or use earphones of any type during an exam. Make-up exams will be given only in very rare circumstances, and the instructor reserves the right to deduct points as deemed appropriate. In order for a make-up exam request to be considered, it must be requested from the instructor prior to the normal exam time. Failure to request a make-up exam on a timely basis will result in a “0” for the exam. Third-party evidence of hardship must be provided for all make-up exams. The final exam date is indicated on the attached syllabus schedule. According to Shidler policy, final exams may not be rescheduled. Please make any travel plans accordingly.

**Disability Access:** Students with disabilities are encouraged to contact the KOKUA Program for information and services. Services are confidential and students are not charged for them. **Artificial Intelligence (AI):** In this course, students are not permitted to use generative AI applications such as ChatGPT, Bard, or Bing, in whole or in part, to generate course materials or assignments. Grammar and spell checking tools such as those integrated into MS Word may be used. If you have any questions about whether a particular tool or specific use is permitted, check with the instructor.

**Academic Honesty:** Students are expected to behave with integrity in all academic endeavors. Cheating, plagiarism, as well as any other form of academic dishonesty, will not be tolerated. All incidents will be handled in accordance with the UH *Student Code of Conduct*. The UH Student Code of Conduct, is available at the following link. It also includes the unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials.

In addition to the above, the instructor specifically prohibits the following behaviors, and includes them within the definition of academic dishonesty: (1) providing another student with any form of direct or indirect, unauthorized assistance on any assignment, quiz, test, exam or extra credit opportunity; and (2) copying, or recording in any manner, test or exam questions or answers.

**NOTE:** UH disciplinary proceedings may be instituted against a student charged with conduct that potentially violates both the criminal law and this Student Conduct Code (that is, if both possible violations result from the same factual situation) without regard to the pendency of civil or criminal litigation in court or criminal arrest and prosecution.
