Webinar “*The Future of the Visitor Industry in the State of Hawaii: Opportunities and Challenges Associated with China and Other Markets after the COVID-19 Pandemic*” organized by Center for Chinese Studies at the University of Hawai‘i at Mānoa, March 9, 2023

OTHER ACTIVITIES

Berbekova, A., Uysal, M., Wang, D. & Lowry, L. (2019) The Big E and the Massachusetts Building: Findings of 2019 survey.

In an effort to monitor and improve the visitor experience in the Massachusetts building, a survey was administered during the 2019 Big E entertainment fair. The study was conducted in cooperation with the Massachusetts Department of Agricultural Resources (MDAR) and the Massachusetts Building advisory board. During three days of the second week of the fair, an onsite survey of visitors to the Massachusetts Building was undertaken; the same questionnaire was later distributed online using an email list from MDAR. The findings and several recommendations to improve visitors’ satisfaction were later presented to the Massachusetts building advisory board.
