**TEACHING METHODS and CLASS TIME:** Most of the class time consists of lectures, during which students are sometimes called upon to answer questions. However, given two big changes going on (ChatGPT and CPA Exam 2024 changes) further changes in substance and style might occur in class.

**COURSE CONTENT RESTRICTIONS:** The lectures and course materials used in this class, including PowerPoint presentations, tests, outlines, and similar materials, are protected by U.S. copyright law and by UH policy. Either Cengage or the Prof are the exclusive owner of the copyright in those materials created for this class. You may take notes and make copies of course materials for your own use. You may also share those materials only with another student who is currently enrolled in this course. You may not reproduce, distribute or display (post/upload) lecture notes or recordings or course materials in any other way.

**CLASS PARTICIPATION, ATTENDANCE POLICY, & TIME REQUIRED:**

Regular attendance is required to the same extent as if one was working for an accounting firm. This course requires extensive effort outside of class. The work is challenging and valuable. It is expected that students will attend class regularly and arrive on time. Please prepare for class by reading the relevant textbook chapter material **before** that chapter is covered in class.

Class participation points encourage active learning, attentiveness, and assertiveness. The classroom experience is a vital portion of the learning process for this course. This class is partially designed to provide experimental learning through classroom exercises. Regular attendance is required to the same extent as if one was working for an accounting firm. Submit requested class time work in the weekly engagement box by the end of class, even if the work is not fully finished. The submission is sometimes used to give feedback and it records your attendance.

**COURSE GRADING POLICY:**

Grades are based on a strict 90%-A range, 80%-B range, 70%-C range, 60%-D range, modified by +/- grading within that range. If the grade results on an exam are extremely low, the option is reserved to provide everyone with a take-home supplement or other grade adjustment.

**POINTS ALLOCATED FOR EACH COURSE ELEMENT:**

<i>Points</i>	<i>Topic</i>
160	Exams (80 points each)
40	Homework (roughly equally weighted, but tax returns a bit more)
40	Quizzes – 4 quizzes at 10 points each
10	Class participation
250	TOTAL MAXIMUM POINTS

**EXAMS / QUIZZES:** Each exam has mostly calculation problems, some of which are multiple choice questions. Given chat-GTP’s ability to provide many correct answers (but not all), quizzes and exams are given on paper and are closed book, except for one sheet of standard size paper (no electronic version/ devices). The final exam tests on the material after the midterm, emphasizing partnerships. Familiarity with class lectures are assessed in the quizzes. Usually, a quiz probably has 5-7 questions on one or two chapters (20-30 minutes).

**CNOW HOMEWORK:** Homework assignments for each chapter will be available for students to complete and submit via CNOW. Homework is uploaded to CNOW. Grade range adjustments occur at the end of the semester in transferring the homework score to Laulima.

**EXTRA WORK REQUIRED for those NEEDING 400 LEVEL CREDIT (MAcc + 3/2 stu.):**

A more complex tax return is required for those using the 400 level for a graduate program degree.

**HONOR CODE:** Please follow Shidler’s and SOA’s Honor Code, including:

One may not obtain information about an exam from someone who has already taken it.

Do not copy from another person's exam. Do not use unauthorized assistance during an exam.

Please do not remove an exam from the room without permission.

Please do not create even the appearance of violating the honor code
